ANECDOTAL INFORMATION

The space below is for typing any anecdotal information that you choose about any member of the family group. Anecdotal information can include almost anything (e.g., cute stories, medical history, immigration events, events of historical significance related to family members, other things) and serve to round out the description of people and of the family. Please be sure to identify the person about whom you are writing and that, to the best of your knowledge, the information is accurate. This information, as well as all other information you supply on the Family Information form, will be used for family genealogical documentation.

If there is any information you choose to record any place on the Family Group Information form, but which you do not want to be shared in any way and kept only in a very protected and secure family archive, please specify that information. Otherwise, the information may be shared with other family members through genealogical charts and genealogical information that we hope to someday publish for family members only on the web site with password protection and in hard copy.

If additional pages are needed, please add them.
